Try it

NodeJS

Python

cURL

Go

```
const axios = require("axios");

async function httpCall() {
  const url =
    "https://api.1inch.dev/token/v1.4/1/custom/0x11111111117dc0aa78b770fa6a738034120c302";

  const config = {
    headers: undefined,
    params: {},
    paramsSerializer: {
      indexes: null,
    },
  };

  try {
    const response = await axios.get(url, config);
    console.log(response.data);
  } catch (error) {
    console.error(error);
  }
}
```

## Response

Click the try-it button to test your API call and see the real-time response right here.
